"Situated in Johor Bahru's downtown core of Bukit Chagar, Capri by Fraser, Johor Bahru / Malaysia, is the preferred address for travellers, whether coming to the city on business or visiting as tourists. Its prime location is just minutes away from the Johor Bahru Customs, Immigration & Quarantine (CIQ) Complex, the exit point for visitors travelling to and from Singapore (Woodlands checkpoint) via the Causeway. It is well served by a network of transportation facilities at Johor Bahru Sentral, an integrated transport hub with intercity buses and trains. Also located close by will be the light rail station for the future Rapid Transit System (RTS) Link, where commuters can transfer between Johor Bahru and Woodlands in just five minutes.
